FROM PILOT TO PRODUCTION

Content built by operators, for operators

EUROPEAN EDITION · MADRID 2026

THE 2026 THEMES

01 Unlocking more value from wells, reservoirs & field operations

02 Turning operational data into better decisions

03 Scaling digital across the enterprise

04 Building resilient, secure & sustainable operations

ON THE AGENDA

From Pilot Purgatory to the AI Highway: $150M+ in annual improvements
Jonathan Alexander · Albemarle

Scaling AI safely in upstream operations
Dr. Uchenna Odi · Aramco Americas

Building scalable cloud & edge architectures for resilient operations
Folakemi Sanusi · Chevron

Better procurement decisions in an AI-first world
Luke van der Waals · SLB

NEW ENTRY

BENCHMARK & PLAN

Leave with a clearer view of the next 12 to 18 months

EUROPEAN EDITION · MADRID 2026

BENCHMARK

See how your program stacks up against peers tackling the same challenges.

PLAN

Shape your roadmap for the next 12 to 18 months with input from the room.

MEET

New and existing solution providers who could help you do things more efficiently.

RETHINK

Fresh ideas for your project from people who have been there.

> *The 1-2-1 meetings allowed us to also see some interesting solutions and innovations too.*
>
